IDENTIFIERS	Insects; Money; Navajo (Nation); Plants (Botany)

ABSTRACT

A dual-language Navajo-English dictionary provides a chart of the Navajo kinship system, a two-page map of the Navajo Nation, and English equivalents for Navajo words in 46 linguistic and cultural categories. Included are words for: races (Indian and other ethnic groups); Navajo clans; age groups; Navajo ceremonies; body parts; sickness; clothing; grooming; jewelry; different types of hogans/houses and their contents; outdoor surrroundings; tools; kitchen utensils; food; domestic and wild animals; birds; insects; plants; heavenly bodies; minerals; sacred mountains; rivers, creeks and washes; weather; geograhical directions and spatial relationships; time; days, months, and seasons; office and school supplies; numbers; shapes, lines, and textures; colors; games and sports; community places and people; equipment and transportation; weaving; riding gear; towns and cities; adjectives; counting money; and mathematical terms.
